Dear Harold:

Enclosed is that report I put together a couple years ago on the Ford-Watergate role, that I spoke of last night.

Also enclosed are a couple background items, including the Conyer's background memo.

After we finished talking last night, I reread Post Mortem until 4 a.m. and was once again very impressed. I had forgotten that the Henny Gonzalez closet bit was so bad. What a man.

Take care,

Mike
